## BOYS BASKETBALL SHOT CLUB

The Plymouth Boys Basketball program is excited to announce the requirements for gaining membership into the Plymouth Panthers Boys Basketball Shot Club. Starting April 1, 2024 and running through October 31, 2024. All boys' basketball players in grades 3-12 (Fall 2024) are strongly encouraged to participate and earn a spot in the Plymouth Panthers Boys Basketball Shot Club. Over the past 8 years 97 players became members of either the 15,000, 20,000, or 25,000 shot club, with some players going as far to reach the 50,000 shot club and beyond.

### **What are the requirements to become a member?**

Every participant must attempt 15,000, 20,000 or 25,000 shots from April 1<sup>st</sup> to October 31<sup>st</sup> to qualify. (15,000 shots equals 70 shots per day, 20,000 shots equals 93 shots per day, 25,000 shots equals 117 shots per day) Players only need to track the number of shots the TAKE. The Plymouth Panthers Boys Basketball Shot Club functions on the honor system with each athlete recording how many shots they attempt per day. The program is about being committed to shooting on a regular basis.

### **What types of shots qualify as acceptable?**

Any type of shot is acceptable in this program, as long as each player is working on improving their shot accuracy and shooting game shots from spots they would shoot from in a game. For best results, a variety of shots such as lay-ups, free throws, and outside shots are recommended.

### **What should I do once I have attempted 15,000, 20,000 or 25,000 shots?**

Upon completion, please have the "Shot Club Calendar" and "Shot Club Parent Verification Form" signed by a parent or legal guardian. Please mail the completed forms to:
